RENAULT TRUCKS ANNOUNCES ITS PRESENCE AT THE 2017 SOLUTRANS TRADE FAIR

Renault Trucks will be exhibiting at the 14th Solutrans trade fair, the international road and urban transport solutions exhibition, to be held in Lyon-Eurexpo from 21 to 25 November 2017. On its 700 m² stand, the manufacturer will be exhibiting vehicles from its long-distance, construction and distribution ranges, as well as promoting the quality of its repair and distribution network.

Renault Trucks announces its presence at the forthcoming Solutrans trade fair, the international exhibition for road and urban transport solutions, which will be held from 21 to 25 November in Lyon, the birthplace of the manufacturer.

For this 14th edition of Solutrans, Renault Trucks will boast a 700 m² stand to show its vehicles, present Clovis Location (short and long-term rentals of industrial vehicles) and TruckPlus (used vehicles), as well as promoting its repair and distribution network.

Indeed, the Renault Trucks network comprises 310 sales outlets and service points in France, making for one point every 50 km. *"Renault Trucks has the most extensive network coverage in France", explained Philippe Gorjux, Sales Director at Renault Trucks France. "This proximity to our customers, combined with the recognised quality of our service, is an unquestionable advantage that complements the connected services and technology also on offer. This is now appreciated by all our customers."*

Jean-Jacques Marty, chairman of the Renault Trucks dealership group (GAC), added, *"The strength of the Renault Trucks network lies not only in its geographic coverage, but also in the expertise of the professionals working within the network, with over 8,000 experts trained by the manufacturer ready to serve our customers. I am proud to support Renault Trucks dealerships on a day-to-day basis in their business and development."*

The Renault Trucks stand will be located in Hall 4 of the exhibition.

About Renault Trucks

Building on the legacy of more than a century of French truck know-how, Renault Trucks supplies transport professionals with a wide range of services and vehicles (from 2.8 to 120 T) adapted to local and regional distribution, construction and long distance activities. Renault Trucks vehicles are sturdy and reliable with low fuel consumption that enables them to deliver greater productivity and control operating costs. Renault Trucks is distributing and servicing its trucks via a dealership network comprising over 1,500 service outlets. The design and assembly of Renault Trucks vehicles, as well as the production of most components, is carried out in France.

Renault Trucks is part of the Volvo Group, one of the world's leading manufacturers of trucks, buses, construction equipment and marine and industrial engines. The Group also provides complete solutions for financing and service. The Volvo Group, which employs about 95,000 people, has production facilities in 18 countries and sells its products in more than 190 markets. In 2016 the Volvo Group's net sales amounted to about SEK 302 billion (EUR 31.9 billion). The Volvo Group is a publicly-held company headquartered in Gothenburg, Sweden. Volvo shares are listed on Nasdaq Stockholm.
